System (GHS) Standards
from OSHA.**

Pathway to Workplace Safety – OSHA

The Pathway to Workplace Safety program is brought to you by the Ohio Grocers Association. The program is designed to provide grocery store employees and managers with training on the fundamentals of workplace safety: policy development; instruction and communication; and putting policy and procedure into practice.

This updated version of the Pathway training materials includes the latest safety policies and key OSHA Compliance areas related to the grocery industry. The materials are designed to be customized specifically for your company in an easily understood manual format and CD resource.

The Pathway to Workplace Safety program includes both Management and Associate training on the most important issues in workplace safety and OSHA Compliance. Lessons include: Safety Policy, OSHA Expectations, Recordkeeping (including Forms), a Hazard Communication Program, Lockout/Tagout Procedures, a Bloodborne Pathogens Program and Guidelines for Safety Inspections.

COST: (Includes tax, shipping & handling)
